

WIE Features

• WIE Intended Learning Objectives:

- To advise clients through rendering surveying service for Surveying students;
/To identify and solve problems in property management practices for Property Management students;
/To acquire on-site technical skills for Building Engineering & Management students.
- To identify and solve problems related to the profession & industry.
- To communicate effectively.
- To contribute as a team member and lead effectively.

• Mode of WIE:

Minimum duration: 4 weeks or equivalent.

• Allowance:

As we expect employer will assign duties with learning purpose in some extent to students, there will be no minimum compensation or allowances rate for students stipulated. Nevertheless, we still encourage employers/organizations to provide a token meal and transport allowance of comparative market value for students.

• MPF:

Companies are obliged by requirement of MPF Ordinance. If a student is regarded as an employee of the company, MPF contribution is compulsory. If a student works for a company on training relationship, MPF contribution is not compulsory. The status of students in work is at discretion of organization/company.

• Insurance:

Basic insurance coverage is provided by the University for WIE activities. We still encourage employers/organizations to provide coverage under Employee Compensation.

• Location:

We welcome consideration of offering placement opportunities to both our local and non-local students, who come from Mainland China or overseas, in either Hong Kong, China or overseas.
